Re: *People v.* _____, Appeal No. _____
Notice of Erratum

To the Court of Appeal and All Parties:

Appellant's opening brief suffers from an omission. The final paragraph of the statement of case (p. 2) should state: "On October 3, 2005, appellant filed a timely amended notice of appeal purporting to challenge both the validity of the plea and sentencing, together with a request for a certificate of probable cause. The request for a certificate was denied by the trial court on October 3, 2005. (Supp. C.T. pp. 1-2.)"

I apologize for this omission and ask that the court and all parties append this correction to the brief.

Respectfully submitted,
