### Division Two Transfers to the First Appellate District

If you have a case in Division Two, it may be transferred to the First Appellate District. This is part of an ongoing effort to equalize the workload across the state within the appellate courts.

If your appointed case is transferred, ADI will still be the assisting project, and we will process your claims.

[FDAP's website](#) is a good resource for understanding First Appellate District policies, and you may also reach out to your assisted staff attorney for

questions.

## Audit Surveys

As part of the audit process, the JCC sends panel attorneys a general questionnaire. One link is provided per audited case via Survey Money or email. The link takes you to a questionnaire where you can provide input on the audited case as well as the general program.

We highly encourage panel attorneys to respond to the surveys. AIDOAC reviews each of the responses and the information is very helpful in understanding the panel perspective on the program.
